Topic- The needs of Plantation “One Step to our Nature”.

We all need to take a step towards our Nature. There is a need of Plantation and it's an important step of afforestation to maintain the Ecological balance of nature. The Purpose of Live session was about the aim and the need of planting, the Eco host Ms. Niveditha.P, from Anti-Pollution Drive foundation introduced the Guest Speaker and asked few questions related to our environment. The Guest Speaker, Emmanuel Peter, IV semester BBA(ATT), student of The Yenepoya Institute of Arts, Science, Commerce and Management, Balmatta, Mangalore under Yenepoya (Deemed to Be University) gave a talk on The needs of Plantation “One Step to our Nature” through Instagram Anti-Pollution Drive Foundation. The main theme of the Live session was on “Young Earthlings”.

He expressed his feelings towards environment and told that there is a need and wants for environment safety and explained the reason how he caught his interest in plantation. He then told what should be the interest and the initiatives to be taken by the youth to plant. They should motivate their friends with an effort of creating awareness about the plantation by considering the present pandemic situation. But it is difficult to do so, as this new generation is completely involved in the digital realm they have just forgotten the need of nature and environment. So there is a strong reason behind in order to fight in the present oxygen issues which is very much needed right now. The session ended with the fruitful appreciation.
